

Automotive Green Silicone Rubber Seal Ring

KINGTOM is a leading China Automotive Green Silicone Rubber Seal Ring manufacturers. Automotive Silicone Rubber Seal Ring main role is to provide better performance for the car seal, and these sealing rings are not designed to hide, it is easy to find, so in the car cleaning and maintenance, these sealing rings can not be ignored.

KINGTOM is China manufacturer & supplier who mainly produces Automotive Green Silicone Rubber Seal Ring with many years of experience. Hope to build business relationship with you. **Automotive Silicone Rubber Seal Ring** main role is to provide better performance for the car seal, and these sealing rings are not designed to hide, it is easy to find, so in the car cleaning and maintenance, these sealing rings can not be ignored.

Product Parameter of the Automotive Green Silicone Rubber Seal Ring:

- ①Product name: **Automotive Green Silicone Rubber Seal Ring**
- ②Material: EPDM NBR Silicon or Can Custom
- ③Logo: Can Custom
- ④Size: Can Custom
- ⑤Can Custom: Black or custom
- ⑥Application: Automotive
- ⑦Certifications: IATF16949 ,ISO14001:2015,ROHS,CMC, etc
- ⑧Delivery: 30 -50days after sample confirmation
- ⑨Sample: 25-30 days
- ⑩Payment: 30% deposit, 70% payment before shipment
- ⑪Package: PE bags, Cartons,Pallet
- ⑫Payment Terms: T/T,L/C and so on.

⑬ Shipment Way: Vessel, Air, Express etc.

Product Feature AND Application of the Automotive Green Silicone Rubber Seal Ring:

Silicone rubber seal ring With excellent elasticity and compression resistance, not easy to deformation, aging resistance, ozone resistance and other characteristics, automotive silicone seal ring can work in high and low temperature environment, the working temperature can be between $-40^{\circ}\text{C}\sim 120^{\circ}\text{C}$. Suitable for sealing gasket in thermal machinery. Without any toxicity can be made of insulation, insulation products and medical rubber products.
