Product Feature AND Application of the Racecourse 100% Recycled Rubber Stable Mats:

Recycled rubber stable mats aim to provide traction, comfort, and odor management, and these mats have been specially designed for superior performance in these areas. Its made from 100% recycled rubber, the mats have the heritage flat surface on the top and bottom, making the mats non-absorbent and longer lasting. Which are free from contaminants and use an environmentally friendly polymer bonding on a continuous press. It also provide a padded and supportive flooring for horse stalls.

**Features:**

- 1).Provides an excellent anti-slip surface,used as bedding in horse stables.
- 2).Embossed top surface provides traction and prevents animal getting injury from slipping.
- 3).Grooved bottom is effective for drainage.
- 4).Can be cut into interlock pattern, make mats connection,cover large areas without movement.
- 5).Easy to clean with little maintenance.

Applications:Washing horse outdoor ,horse paddock,horse stable,horse barn,horse wash bay.
